Insurance Reimbursement Support Guide

Maritz Feeding Tube Belt™

Thank you for choosing the Maritz Feeding Tube Belt™. While Maritz Medical Solutions does not bill insurance directly, some patients may independently pursue reimbursement consideration through their insurance provider, Health Savings Account (HSA), or Flexible Spending Account (FSA).

Important Information

- Maritz Medical Solutions does not guarantee insurance reimbursement or coverage.
- Coverage policies vary by insurance provider and individual plan.
- Patients are responsible for contacting their insurance company regarding eligibility requirements.
- Some insurance providers may request a physician recommendation or supporting documentation.
- The Maritz Feeding Tube Belt™ is intended to support feeding tube management and securement.

Possible HCPCS Reference Code

Some insurance providers may reference HCPCS code **A5200** (Percutaneous catheter/tube anchoring device) when reviewing reimbursement requests for feeding tube securement or management products. This code is provided for informational purposes only and does not guarantee reimbursement or product classification.

Documents You May Need

- Order receipt or invoice
- Product description
- Physician recommendation if requested
- Photo or product packaging if requested by insurer
- Written explanation of medical necessity if requested

Suggested Reimbursement Request Language

Patients may choose to submit the following statement to their insurance provider:

> “I am requesting consideration for reimbursement of a feeding tube securement and management device used as part of my daily enteral care and feeding tube support.”

HSA/FSA Information

Some patients may be able to use HSA or FSA funds for eligible medical-related purchases. Please contact your HSA/FSA administrator to confirm eligibility requirements.

Need Additional Support?

If your insurance provider requests additional product information, please contact Maritz Medical Solutions through the website contact form.
